This is farmer Fred.

He is working on his farm.

The rabbit is now the farmer's pet.

Every day the farmer gives the rabbit lots of carrots to eat.

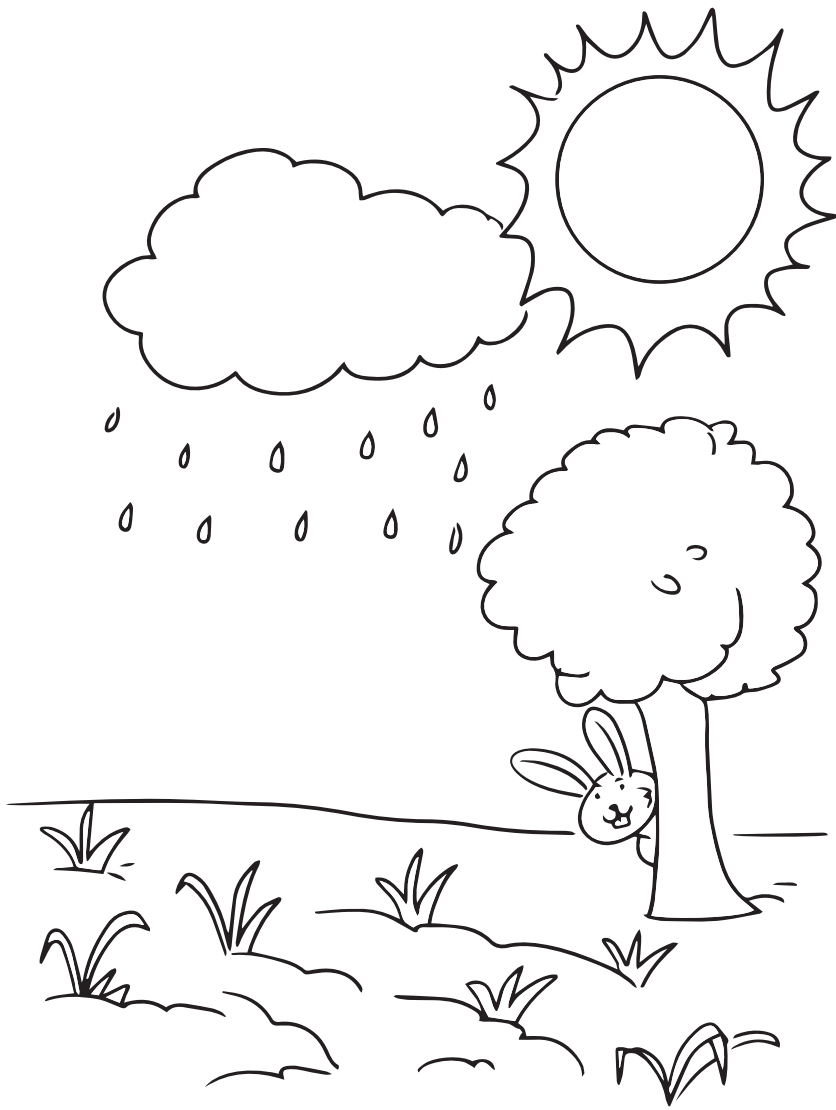

The rabbit and the farmer are both very happy.

The farmer wanted to grow some vegetables.

One day the farmer planted some seeds in his field.

The farmer quickly swung his net and caught the rabbit!

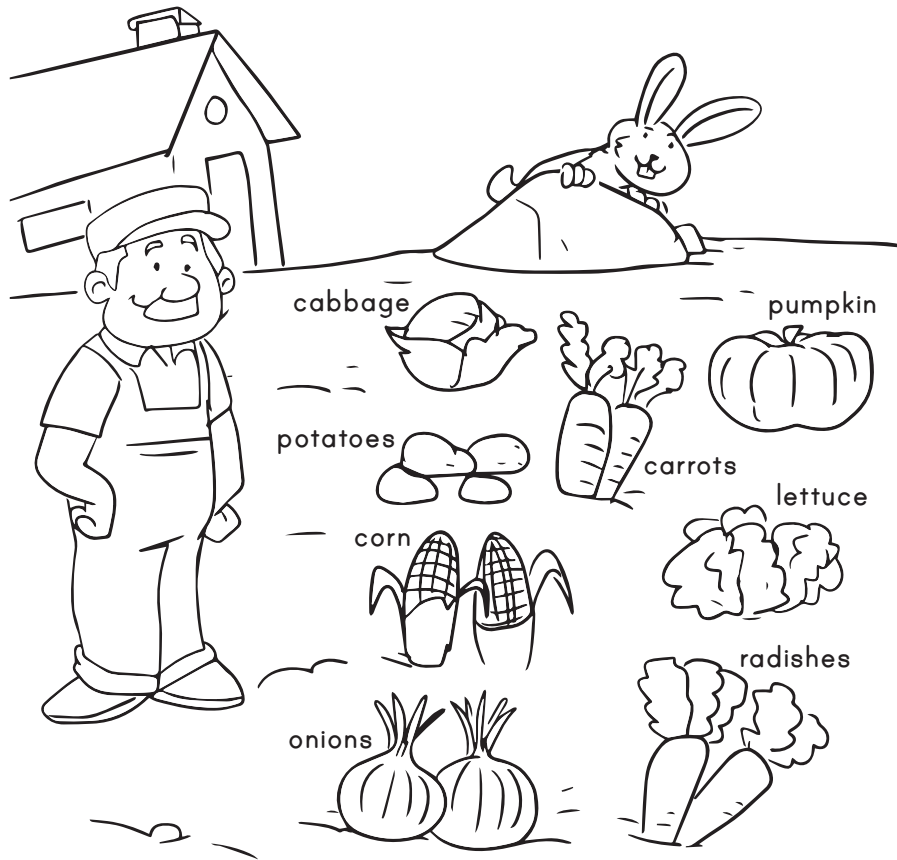

Some days it was sunny
and some days it was
rainy.

After a few weeks the
vegetables started to
grow.

Suddenly a rabbit
appeared and hopped
over to the cabbage.

The vegetables grew and
grew very well.

The farmer was very
happy.

So that night the farmer
waited behind a rock.

He waited and waited for
a long time.

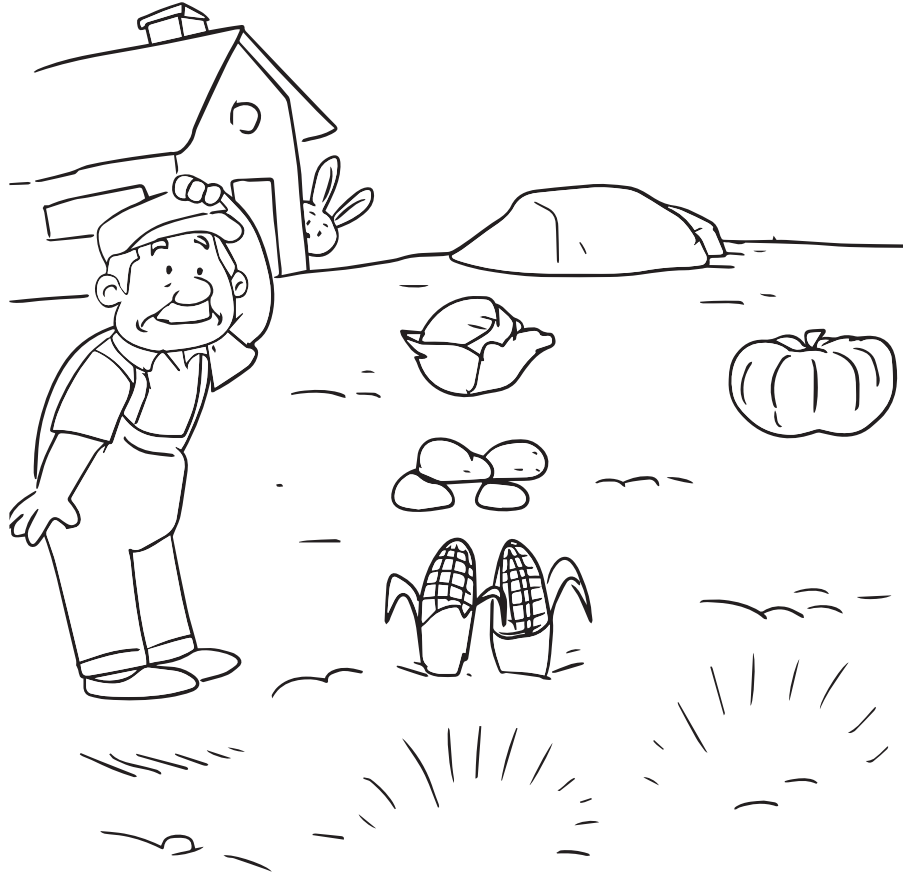

One day the farmer went to check on his vegetables.

“Oh no!”, said the farmer. “The carrots and lettuce have gone!”.

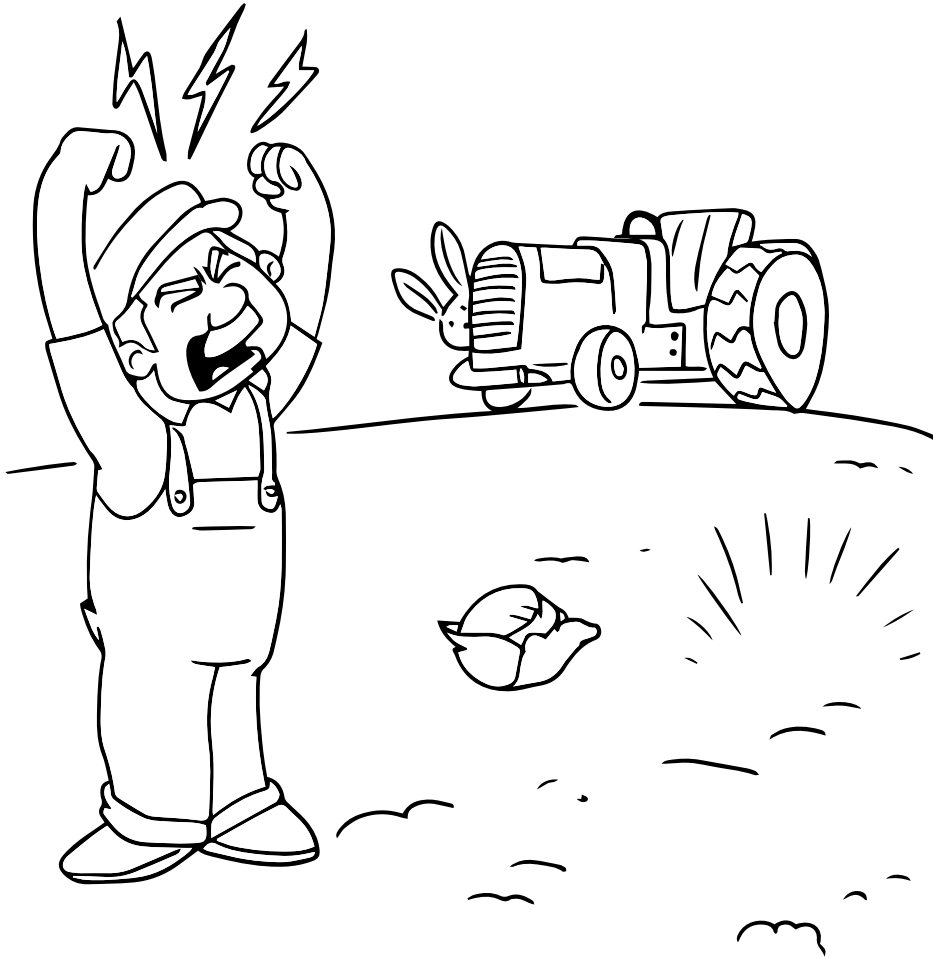

The farmer was very shocked.

The next day the farmer checked his vegetables again.

“Oh no!”, said the farmer.
“The pumpkin has gone!”.

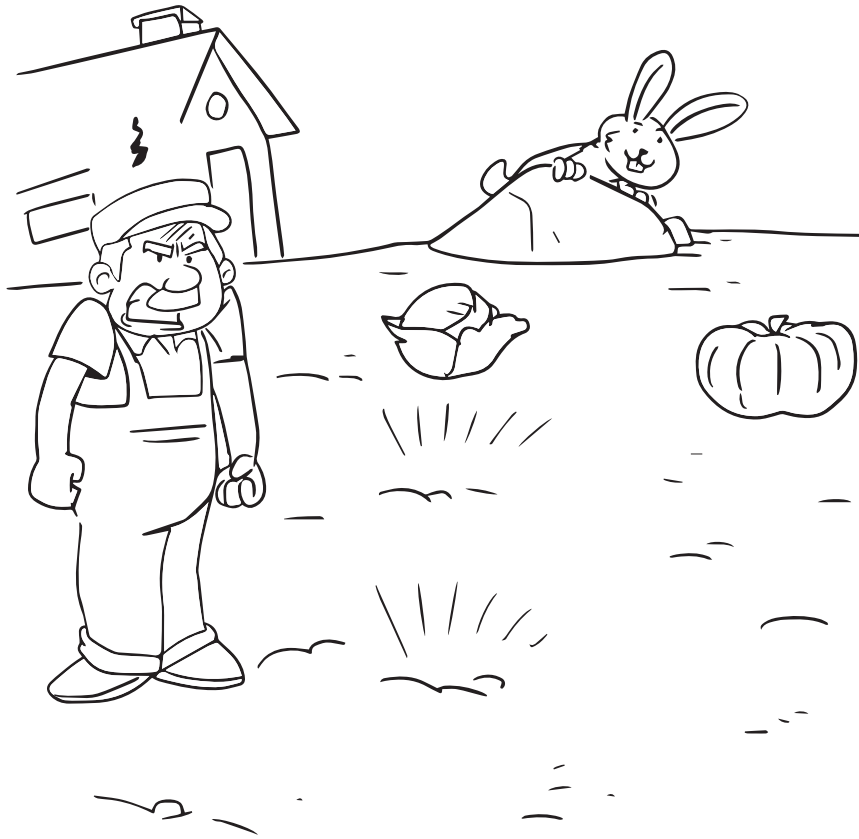

The farmer was furious.

The next day the farmer checked his vegetables again.

“Oh no!”, said the farmer. “The onions and radishes have gone!”.

The farmer was very confused.

The next day the farmer checked his vegetables again.

“Oh no!”, said the farmer. “The corn and potatoes have gone!”.

The farmer was very angry.
