This is farmer Fred.

He is working on his farm.

The farmer wanted to  
grow some vegetables.

One day the farmer  
planted some seeds in  
his field.

Some days it was sunny  
and some days it was  
rainy.

After a few weeks the  
vegetables started to  
grow.

cabbage

pumpkin

potatoes

carrots

lettuce

corn

radish

onions

The vegetables grew  
and grew very well.

The farmer was very  
happy.

One day the farmer went to check on his vegetables.

“Oh no!”, said the farmer. “The carrots and lettuce have gone!”.

The farmer was very shocked.

The next day the farmer checked his vegetables again.

“Oh no!”, said the farmer. “The onions and radishes have gone!”.

The farmer was very confused.

The next day the farmer checked his vegetables again.

“Oh no!”, said the farmer. “The corn and potatoes have gone!”.

The farmer was very angry.

The next day the farmer checked his vegetables again.

“Oh no!”, said the farmer. “The pumpkin has gone!”.

The farmer was furious.

So that night the  
farmer waited behind a  
rock.

He waited and waited  
for a long time.

Suddenly a rabbit  
appeared and hopped  
over to the cabbage.

The farmer quickly  
swung his net and  
caught the rabbit!

The rabbit is now the farmer's pet.

Every day the farmer gives the rabbit lots of carrots to eat.

The rabbit and the farmer are both very happy.
